

Our Privacy Policy

Hey fellow travellers, we declare here our website's privacy policy to keep your navigation stress free.

As we set sail on the digital seas together, let us first pledge to safeguard the treasures of your privacy with the utmost care and reverence. Here at Travel Tattva, we're committed to ensuring your personal information remains as secure as a hidden cove, known only to trusted companions.

1. Guardians of Secrets:

- Your personal information, akin to precious jewels, is stored securely under our watchful eye. From your name to your payment details, rest assured, they're locked away safe and sound.

2. Tracing Trails:

- Just like intrepid explorers leaving footprints in the sand, your digital journey leaves behind traces. Fear not, these footprints – your IP address, device details – help us enhance your experience without revealing too much.

3. Whispers of Wisdom:

- Imagine our cookies as friendly fireflies lighting your path through the digital wilderness. They flicker gently, guiding you without intruding, and only when you allow them.

4. Crafting Chronicles:

- Like master storytellers, we craft personalised experiences using your information. Each interaction is a chapter in your unique tale, carefully tailored to meet your desires.

5. Sharing Stories:

- Occasionally, we may share your information with trusted companions – our service providers – to ensure your journey proceeds smoothly. Rest assured, they're as trustworthy as a loyal crew.

6. Guardians of Secrets:

- Our defences are as sturdy as a fortress, protecting your data from unwelcome intruders. We employ industry-standard security measures to keep your information safe from harm.

7. Empowering Explorers:

- Your rights are paramount. You have the power to navigate your data destiny – to access, update, or bid farewell to your personal information whenever you please.

8. Children's Oasis:

- Our realm is not for the young and curious. Children under 13 may watch from afar, as our adventures are meant for more seasoned explorers.

9. Chronicles of Change:

- Like the tides that ebb and flow, our policies may evolve. Yet, with each change, our commitment to transparency and trust remains unwavering.

10. Voyage Together:

- Should you seek guidance or wish to share your tales, we eagerly await your signal. Together, we shall navigate the seas of privacy with grace and dignity.

Embark with us, dear voyagers, as we chart a course through the digital realms, guided by the principles of trust, transparency, and respect for your privacy at every turn.

Thank you.
